MASS SAVE No Cap weatherization incentive

The no cap incentive is open until September 15, 2017.

All costumers that have had a Home Energy Audit completed after January 1,2015 or have a Home Energy Audit completed before September 15, 2017 are eligible.

The no cap incentive means there is no cap on the amount of the contract (there has always been a maximum that Mas Save would pay \$2000 for Single Family and \$3000 for two to four units)

Example: total contract is \$7345.00 for one unit the owner would pay \$1,836. (25%)

total contract is \$7345.00 for 2 or 3 units the owner would pay \$734.50 (10%)

This is a tremendous opportunity for home owners
